Dr. Hans Robinson presented the resolution for second reading and made a motion to approve. The motion was seconded, and the motion passed.

4. **New Business**

**Commission on Graduate Studies and Policies**
CGSP Resolution 2014-15F
Resolution to Establish a Doctor of Philosophy Degree in Executive Business Research

Dr. Hans Robinson presented the resolution for first reading. Dr. Robinson indicated that the motivation for this degree is twofold. The first reason this degree is being developed is to a response to the chronic shortage of faculty in business schools across the country. The second reason this degree is directed at mid-level senior managers who wish to get a Ph.D. This degree will help managers enhance their skills in research analysis coupled with a deeper understanding of business theory needed to lead to more effective decision making. This degree program will be located in Northern Virginia, and housed in Pamplin College of Business. Dean Sumichrast indicated that this will be a second Ph.D. for the Pamplin College of Business. The traditional Ph.D. will remain on the main campus in Blacksburg and is made up of relatively young students who are directly out of the master’s program or directly out of an undergraduate program with master’s level courses taken. It is anticipated that the majority of graduates from this program will go on to teach college business courses, but there is also a pathway for students who want to enhance their careers. There is an increased number of such programs around the country.

5. **Commission Chair Reports**

Dr. Sands asked the Commission chairs to present briefly their goals for the academic year.

1. Commission on Administrative and Professional Faculty Affairs (CAPFA) – Ms. Susan Volkmar, Chair

Autonomy and the New Age of Intercollegiate Athletics Governance

VIRGINIA TECH
UNIVERSITY COUNCIL

February 2, 2015

Autonomy
65 SCHOOLS IN FIVE CONFERENCES

ACC  B1G  PAC 12  SEC
Autonomy
WHAT IS IT?

Autonomous legislation is designed to allow permissive use of resources to:

• Advance the legitimate educational needs of student-athletes;

• Advance the legitimate athletics-related needs of student-athletes; and,

• Otherwise enhance student-athlete well-being.

Autonomy
WHO CASTS THE VOTES?
Beginning August 1, 2015, a full athletics scholarship will be redefined as each school’s “cost of attendance” (COA).

This COA amount is determined by each school’s Financial Aid Office, within federal guidelines.

This means that scholarships can provide money to cover expenses such as transportation, academic-related supplies, and miscellaneous personal expenses, in addition to tuition/fees/room/board/books.

The composition and value of these additional benefits will differ from campus to campus, and is governed by federal definitions.
Within the 65 schools in the ACC, Big Ten, Big 12, Pac 12, and SEC, this gap between the old full-scholarship value and the new full-scholarship value ranges from $1200 to $5800.

Based on figures distributed by the ACC staff last summer, VT’s “gap” was right at the conference average, and slightly above the conference median.

Scholarships cannot be reduced, cancelled, or non-renewed for athletics reasons. This does not make multi-year scholarships mandatory. This does not mean that a scholarship is “guaranteed.”

Student-athletes will be permitted to borrow against future earnings to obtain loss-of-value insurance.

A resolution was also approved, laying out the autonomy agenda for the next two years. Topics include:

- Student-athlete time demands;
- Additional benefits associated with competition and the competitive experience;
- Greater flexibility for student-athletes to obtain career-related insurance products;
- Interaction with agents and advisors;
- Rules governing transfer eligibility; and,
- The NCAA enforcement process.
• Cost of Attendance Awards
• Four-Year Scholarship Commitment
• Excellence in Academic and Athletics
• Support, and Career Development
• Loss of Value Insurance
• Continued Commitment to Landmark Concussion Research
• $425,000 Student Assistance Fund Annually
MISSION STATEMENT

Virginia Tech Athletics is committed to excellence, both academically and athletically, and to the personal development of our student-athletes. In the spirit of Ut Prosim, we stand together to serve and represent our university and community with integrity and respect.

The Virginia Tech Student-Athlete Pylons of Promise sets forth our commitment to our student-athletes during their time at Virginia Tech and beyond. This Promise is based on the ideals emblazoned on the eight pylons at the Virginia Tech War Memorial Court and our athletics department’s guiding principles of INTEGRITY, SERVICE, HONOR, EXCELLENCE, STRONG TOGETHER.

Our shared commitments with our Virginia Tech student-athletes are as follows:
COST OF ATTENDANCE

When earned, full athletics scholarships pay all costs of a student-athlete’s undergraduate education, including tuition, fees, room, board and books. Effective August 1, 2015, as part of our athletics-grants-in-aid, Virginia Tech will provide the full allowable miscellaneous expense allowance of approximately $2,500 per year to cover the full cost of attendance for all sports.

Equivalency scholarships pay for specific elements (books, for example) and/or percentage of costs. While non-scholarship student-athletes do not receive full or equivalency scholarships, they receive all non-scholarship-related benefits provided to all student-athletes.

FOUR-YEAR SCHOLARSHIP COMMITMENT

Athletics scholarships may be awarded on an annual or multi-year basis. Four-year scholarships are available for full equivalency scholarship student-athletes entering Virginia Tech. All scholarships set forth in writing the amount of the scholarship, the duration and any conditions of the award. Scholarship terms will be honored unless the student-athlete voluntarily leaves the team, renders himself or herself ineligible, or violates NCAA, ACC, university or department policies. Any reduction of a scholarship’s terms may be appealed to an independent panel. Scholarship terms will not be reduced because of a student-athlete’s injury, illness, or physical or mental condition which prevents or limits participation in athletics, nor on the basis of a student-athlete’s athletics ability or athletics performance.

"Integrity is the bedrock on which we choose to build our house of accomplishments. Structures built on the foundation of integrity cannot easily be torn down. They will weather the storms of time. Accomplishments built without integrity will easily fall. When harsh weather comes, they will be but feathers in the wind.

As a representative of this great institution, I try to build my legacy on a rock that will endure the tests of time. My preference is Hokie Stone."
LEADERSHIP DEVELOPMENT
Virginia Tech is committed to developing leaders. The Department of Athletics provides our student-athletes with a comprehensive, multi-faceted leadership development program which includes:

- Leadership assessment and development curriculum;
- International service-learning opportunities designed to promote global leadership skills; and
- A targeted student-athlete career development program to help facilitate a student-athlete’s transition to their professional aspirations. Upon successful completion of this program, each student-athlete will be provided with a complimentary interview suit to launch their career after their playing days at Virginia Tech are complete.

Jared Allison | Men’s Track & Field Student-Athlete & Vice President, Virginia Tech SAAC

“Service is a big part of the Virginia Tech Athletic community. We are all blessed with an incredible opportunity of being Division 1 student-athletes so it is our duty to give back. No matter if it is a canned food drives or visiting children’s hospitals we are all Hokies and we will always serve our community.”

HONOR
A CULTURE OF TRUST AND RESPECT
With service and honor at our core, Virginia Tech develops student-athletes to be the best men and women they can be in an environment of trust and respect with a commitment to compliance. Virginia Tech follows the letter and spirit of NCAA, ACC and institutional rules. Through the Virginia Tech Principles of Community, we acknowledge the importance of diversity and inclusion and the extent to which they enhance the lives of student-athletes and the university. We encourage a healthy environment, free of prejudice and discrimination including demeaning language and physical, verbal and emotional abuse.

Jordan Coburn | Women’s Soccer Student-Athlete

“As members of the Virginia Tech athletic community, we pride ourselves on our ability to treasure and protect the opportunity to compete day in and day out with honor. Our department has built a culture of trust and honor that reaffirms the pylons at War Memorial that VT fans uphold for years.”
EXCELLENCE

ACADEMIC SUPPORT
Virginia Tech provides quality academic support that aims to meet the unique needs of each student-athlete through the services and programming provided by Student-Athlete Academic Support Services (SAASS). Inclusive in this support is:
• Tutoring;
• Mentoring;
• Facilitated study hall;
• Learning assistance and disability support services;
• Study skill programming;
• Academic advising;
• Individualized degree completion planning aimed at meeting educational and career goals;
• Technology assistance; and
• A laptop computer for all full scholarship student-athletes.

COMMITMENT TO CONCUSSION RESEARCH
Virginia Tech will follow all NCAA concussion protocol and continue its landmark study of the topic. In 2014, Virginia Tech and two other schools were awarded a $30 million Department of Defense grant to study the effects of concussions and ways to combat them.

COMPREHENSIVE ATHLETIC SUPPORT
Virginia Tech assists all student-athletes in maximizing their athletic potential. This comprehensive support includes, (but is not limited to):
• Nationally recognized coaching and training;
• Proud partnership with Nike since 2007 and contracted through 2022; and
• Top quality practice, competition, and strength and conditioning related facilities.

COMPREHENSIVE HEALTH, SAFETY, AND WELLNESS
Virginia Tech is committed to protecting and enhancing the health, safety, and wellness of all of our student-athletes. These commitments include, (but are not limited to) access to:
• A comprehensive athletic performance program dedicated to providing the most efficient and effective broad-based care for Virginia Tech student-athletes incorporating sports medicine, sports psychology, and performance, strength and conditioning services;
• High-quality medical, dental, vision, psychological, rehabilitation, preventative and related healthcare services for all student-athletes;
• Assistance for student-athletes to purchase loss-of-value insurance based on their future earnings as professional athletes, consistent with the athletics department’s protocol for disability insurance;
• A comprehensive sports nutrition program;
• Quality transportation, housing, meals and per diem to all student-athletes traveling to away competitions; and
• No. 1 nationally ranked on-campus dining options.

EXCELLENCE
STUDENT ASSISTANCE FUND
Virginia Tech will provide student-athletes the opportunity to use the Student Assistance Fund annually to enhance their collegiate experience. This fund of approximately $425,000 annually is used to cover a wide range of student-athlete personal expenses within NCAA, ACC, and university guidelines.

A COLLECTIVE VOICE
At Virginia Tech, student-athletes have a united voice that is recognized and valued by the athletics department. This voice is known as the Student-Athlete Advisory Committee (SAAC). Through SAAC, Virginia Tech student-athletes are expected to provide input on issues impacting student-athletes and their experiences on the campus, conference and national level.

Each team is assigned a sport administrator who will provide another resource for student-athletes. The sport administrator helps ensure the Virginia Tech student-athlete experience is positive, productive and adheres to these guiding principles.
A SHARED RESPONSIBILITY

As highly visible members of the Virginia Tech community, student-athletes are expected to conduct themselves, both on and off campus, in a manner which respectfully represents their family, team and Virginia Tech. They should at all times demonstrate good judgment and ethical behavior and are expected to adhere to the policies stated within the Hokie Handbook.

It is a privilege to represent Virginia Tech. Our student-athletes, coaches and staff share in this privilege and are expected to act with honor and respect in all that we do.

Meghan Macera | Women's Lacrosse Student-Athlete

"The Virginia Tech athletic community is stronger together not only because there is strength in numbers but because of what this community represents as the Hokie Nation. Individually, we are not as physically strong as the collective community of student-athletes because the whole is always greater than the sum of its parts. The department has built and instilled this tradition which thrives off our sense of strong together."
