1. Approval of Agenda
   The Chair, Richard Ashley, called the meeting to order at 2:01 p.m. The agenda was approved.

2. Approval of January 19, 2017 Minutes
   The minutes from the January 19, 2017 Commission meeting were approved.

3. New Business
   Charles Phlegar, Vice President for Advancement, presented a “University Advancement Update” (Attachment A). Main topics included:
   - New Advancement Division structure and leadership integrated 3 areas: Alumni Relations, University Relations, and University Development;
   - New programs, mission, and values focus;
   - Last year was best ever, exceeded $100M mark in both private gift income and in new gifts and commitments;
   - Key Advancement priorities and short-term goals; and
   - Campaign timeline.

4. Old Business
   Resolution CUS 2016-17A
   Resolution to amend Policy on Smoking No. 1010

   The Chair, Richard Ashley, presented the resolution for second reading. The Chair introduced Matt Chan, Anna Pope, and Hannah Whiteman [representatives from the Commission on Student Affairs (CSA), the Student Government Association (SGA) and the Residence Hall federation, respectively] to provide
input. While student groups are generally supportive of the proposed change, the main concerns noted were:

- how proposed changes would be communicated, implemented, and enforced,
- residents would no longer have choice to use tobacco and non-tobacco vaping products,
- impact on residential policies and housing contracts, and
- on-going student efforts (petitions, etc.) to encourage smoke-free or tobacco-free campus.

Following discussion, William Dougherty made a motion to approve the resolution that was seconded by Ryan Speer. A vote was taken and the motion passed (8 in favor; 1 abstention).

**New Business**

- Resolution CUS 2016-17B
  - Resolution to Update the Charter for the Energy and Sustainability Committee

Richard Ashley presented the resolution for first reading. The Chair introduced Steve Mouras to answer any questions, but none were raised. Therefore, the resolution will be presented for second reading and further discussion at the March Commission meeting.

Due to lack of time, the two remaining agenda items (reports and minutes from the committees) were tabled to the next Commission meeting.

5. **Next Meeting Date**

   The next meeting date is scheduled March 16, 2017 at 2:00 p.m. in 130 Burruss Hall.

**Adjourned** 2:58 p.m.

Respectfully submitted,

Vickie Chiocca

New Mission

The Division of University Advancement is committed to informing, engaging, partnering with, and securing financial support from a diverse spectrum of audiences through integrated, strategically aligned communications, engagement programs, and philanthropic opportunities.

We build lifelong relationships that engage the time, loyalty, and intellectual and financial resources of individuals in support of Virginia Tech’s aspirations, goals, and broader land-grant mission to serve society.

New Values

The Division of University Advancement endorses and is guided by the Principles of Community.

- We are committed to transparency, collaboration, and consistency in operations between the central offices and those in the colleges and units
- We are firmly committed to an audience-centered approach in our communications, engagement, and philanthropic activities
- We are committed to a performance-based culture of excellence and accountability as a means of reaching our organizational goals and the personal and professional development goals of our staff
- We will strive for continuous program innovation that will support the university’s goals and leadership position in higher education
Five Advancement Questions

1. How does this project/process align with the mission and values of the Advancement Division?

2. Which key Advancement audiences will this project/process reach?

3. Which strategic Advancement goals does this help achieve?

4. Does the return on investment (including budget dollars and employee time) justify the allocation of Advancement resources on this effort?

5. Who in the Advancement division should be lead on this and who else should be involved based on the strategic goals this is helping accomplish?

cphlegar@vt.edu
WHEREAS, the state of Virginia prohibits the sale, distribution, and use of electronic cigarettes, vapor products and other alternative nicotine products to persons under the age of 18, mirroring their regulation of tobacco products like cigars and cigarettes, and

WHEREAS, there is currently no FDA regulation of what can be included in electronic cigarettes, and

WHEREAS, initial lab tests conducted in 2009 found detectable levels of toxic cancer causing chemicals in two leading brands of electronic cigarettes, and

WHEREAS, the American College Health Association recommends that colleges and universities “Develop a strongly worded tobacco policy… including, but not limited to, cigarettes, electronic cigarettes, cigars, and cigarillos,” and

WHEREAS, universities including University of Florida and Vanderbilt University have adopted similar policies, and surveys conducted by the Commission on University Support (CUS) show majority support for treating electronic cigarettes in the same manner as other tobacco products, and

WHEREAS, Policy 1010, Section 4, currently reads:
“SMOKING is the lighting or burning of any pipe, cigar, or cigarette or other tobacco product.”

THEREFORE, BE IT RESOLVED, that Policy 1010, Section 4, be amended to read:
“SMOKING is the lighting or burning of any pipe, cigar, or cigarette, or other tobacco product; or the use of any electronic cigarette, or vaping device.”
1. Purpose
Virginia Polytechnic Institute and State University is committed to providing a safe, healthy, and pleasant learning and working environment for its students and employees. Medical research has shown that smoking poses hazards to one's health. Furthermore, research suggests that passive smoke may be hazardous to non-smokers. This policy is an effort to protect students and employees from the potential health hazards and discomfort of exposure to smoke, while also recognizing and respecting the rights of those who choose to smoke.

2. Policy
Within facilities owned or leased by the university and in university-owned vehicles, smoking is not permitted. This also includes parking garages, covered walkways, temporary enclosed structures, trailers, and tents as well as structures placed on university-owned property by contractors or vendors. Smoking is permitted outdoors on university grounds, plazas, sidewalks, malls, and other similar open pedestrian-ways, provided smokers are at least 25 feet from an air intake, entrance or exit of any facility, including parking garages.

3. Procedures

3.1 Employee Work Breaks
In accordance with University Policy 4300, Hours of Work (http://www.policies.vt.edu/4300), supervisors may grant staff and wage employees working an 8-hour shift one morning break and one afternoon break which shall not exceed fifteen minutes each. These work breaks may be used to smoke outside buildings, as provided in Section 2 above. No additional smoking breaks are allowed.

3.2 Disposal of Smoking Materials
Where ash urns are furnished, they shall be placed at outside locations (25 feet or more from entry/exit ways) to aid smokers in disposing of smoking materials.

3.3 Responsibility
It is the responsibility of all students, faculty, and staff to observe the smoking policy. It is the responsibility of each supervisor, manager, department head, director, dean, and vice president to enforce the provisions of this policy in their area of accountability.
Those who smoke outside of buildings are expected to be considerate and courteous of other individuals in the university community. Smoking locations should not impede traffic flow in or out of buildings and should be in a location where smoke cannot drift into office, class or living space. Additionally, smokers should leave the smoking locations free of cigarette butts and other trash materials. All faculty, staff, students and visitors share the responsibility of keeping the campus clean, attractive, and litter-free.

4. Definitions
SMOKING is the lighting or burning of any pipe, cigar, or cigarette, or other tobacco product; or the use of any electronic cigarette or vaping device.

Approved January 28, 2011 by President Charles W. Steger.

• Revision 7

Technical updates to references.

Approved January 3, 2017 by President Timothy D. Sands.

• Revision 8

Section 4 revised to add electronic cigarette or vaping device to the definition of Smoking.
WHEREAS, the existing charter for the Energy and Sustainability Committee was a carry-over charter from a previous Energy Committee; and

WHEREAS, the existing charter did not encompass the full range of sustainability activities and actions per the approved Virginia Tech definition of sustainability per the Climate Action Commitment; and

WHEREAS, the existing charter unintentionally had the potential to constrain the focus of the Energy & Sustainability Committee (E&SC) since it only identified the “university’s energy supply and use, and resource conservation” as the focus of the committee;

THEREFORE, LET IT BE RESOLVED, that the Energy and Sustainability Committee Charter should be amended as follows;

To review and provide advice to the University Administration on broad policy issues relating the university’s pursuit of environmental quality through action, education, and engagement to address current needs without compromising the capacity and needs of future generations.
