V. Announcements

1. Kim Timpany announced that the application process for the SLEP Program is about
to begin. She explained that each student organization represented on CSA has an
opportunity for their student members to be eligible. She distributed an outline of the
program which included the terms of the program and asked that interested students
provide her with an e-mail address so that they can receive a survey being done
through Student voice that will serve as the application.

   Ms. Timpany explained that the SLEP Program is held on Tuesdays and
   Thursdays during the first summer session and on Thursdays during the second
   summer session. It is a program that helps build working relationships with
   Commission members and other members of the University community and also
   provides support to Summer Orientation and other summer initiatives going on at the
   University.

2. Dr. Ferraro announced that congratulations are in order for Joe McFadden who has
   successfully defended his dissertation and has a fellowship at Johns Hopkins
   University.

3. SGA will be holding the last “First Friday Feedback” program tomorrow, 11am – 3
   p.m. They will have stations in the library, on the Drillfield, and at West End Market to
   receive feedback from students on SGA can do for them.

4. SGA’s new constitution was passed in the House and Senate and will be presented to
   CSA and University Council next fall.

5. Ms. Hunter reported that May 22 is the last day to turn in vouchers, reimbursement
   requests, bills to be paid, etc., to the Budget Board.

6. Mr. Settled announced that the UPSL Review Committee will not be bringing forth the
   resolution regarding the weapons policy, but this may come back up next year.

7. Dr. Spencer announced that there will be an additional chartered organization
   effective July 1, 2009, the Jewish Student Union. He explained that once you become
   a chartered student organization, you can petition to become a member of CSA. He
   also noted that just as it is not automatic that you become a member of CSA, it is also
   not automatic that you get office space in Squires.

VI. CSA for Next year

- Do more to bond organizations closer together.
- Discuss what CSA does with SLEP.
- Show how we fit into university governance system.
- Discuss the governance structure, what the order is in seeing things progress, etc.
- It would be beneficial to educate the general body what the general steps are,
  Roberts Rules of Order, etc.
Better communication between organizations, more awareness about what organizations and this commission are working on, post this on line, and look for similarities.

- Development of or update of the CSA website – front page announcements, initiatives, who is on the commission, etc.
- CSA should focus on pushing resolutions as a body instead of depending on individual organizations.
- There is a need for CSA to go out and explain what CSA does, what the process is, etc. (most people have no idea what CSA is).

VII. Adjournment – Motion was made for meeting adjournment, seconded and approved. The meeting was adjourned at 4:10 p.m.

Respectfully submitted,

Rhonda M. Rogers
