I. Meeting Called to Order – Amanda Grose, Chair, called the meeting to order at 10:03 am. The committee affirmed the approval of the minutes of the April 17, 2013 meeting.

II. Old Business

Legislative Updates - Yohna Chambers. Regarding the Affordable Care Act, in an update DHRM sent on April 11, it stated should a retiree become eligible for insurance, he/she may waive. Although individuals may waive their insurance benefit, they still are not permitted to work more than 29 hours a week.

III. New Business

Spouse and Dependent Scholarship Program – Amanda Grose. Amanda encouraged each person to consider supporting the fund by either donating to the fund or purchasing The Grove cookbook from the bookstore. University Development’s Annual Giving department hoped to send out the fundraising appeal sometime in May. There are 18 applicants this year, usually half of these will decide to go to VT, thus making a potential of nine awards. The Committee agreed to offer $1,000 for each scholarship; however, if the final number of qualified students who plan to attend is lower than the nine, the award amount will be increased. This will be the highest amount per award for this scholarship fund – in 2012 nine were awarded an $850 scholarship and in 2011 nine were awarded a $750 scholarship.
