Constituency Updates
Ms. Chelsea Corkins gave an update on Graduate Student Assembly (GSA) activities. The first general assembly meeting is on September 22nd.

Mr. Gabe Cohen and Ms. Tara Reel then gave updates on Board of Visitors (BoV) student representatives’ activities. There was a student forum with campus master plan consulting firm Sasaki to gather feedback and discuss the master plan schedule. There is a follow-up meeting in November with Sasaki. There were policies that went to the BoV Student Affairs and Athletic Committee regarding student conduct updates. Some board members had questions. Although the policy was passed they have asked that it be reexamined.

Ms. Alexa Parsley then gave updates on activities of the Student Government Association (SGA). Planning is underway for the SGA 50th anniversary celebration.

University Council and Commission Updates
Mr. Chan gave an update on activities from the University Council. The Council has yet to meet, but all Council Commission chairs met with the President, the Provost, and other staff at a meeting to lay out agendas for the upcoming year. Highlights include: The Commission on Outreach and International Affairs is working with other offices in the University to explore options on using auxiliary funds to support student abroad programs; the Commission on Undergraduate Studies and Policies is looking into guidelines to award academic credits to student life experiences (e.g., for veterans), and the Commission on University Support will be working on the perception of electronic cigarettes and their use on campus as per recommendation by the SGA.

Mr. Chan then gave a report on activities from the Commission on Equal Opportunities and Diversity (CEOD) as the interim CSA representative in that group. Vice President for Strategic Affairs & Vice Provost for Inclusion and Diversity Dr. Menah Pratt-Clarke gave an overview of her office’s goals and plans for university diversity and inclusion. The new required online module “DiversityEdu” for incoming first-year students was deployed. Related to academics, a subcommittee within CEOD will work with the Provost’s
Office and elsewhere to include inclusion and diversity in the upcoming Pathways Curriculum (replacing the Curriculum for Liberal Education). There is also continued work on including gender identity beyond male and female on Banner (the university’s database of records).

There is no report from the Academic Support Committee as the committee has yet to meet.

**Division of Student Affairs Update**

Dr. Angela Simmons gave an update from the Division. Orientation Leader applications are now available. The planned study abroad trip to South Africa on race and reconciliation is looking for student applicants. Also, the Town-Gown committee co-convened by the Division and the Town of Blacksburg will begin to meet monthly. The meeting schedule is available online and will be held in the Great Hall at East Ambler Johnson Hall.
