We, the Undergraduate Student Senate of Virginia Polytechnic Institute and State University (Virginia Tech), in order to facilitate an inclusive representation with a character of integrity and nurture an atmosphere of enhanced approachability and accessibility, pledge to protect student rights, promote equity and inclusion of all, investigate the welfare of students, and take the appropriate action to champion their needs, wants, and hopes for Virginia Tech. As undergraduate students elected by our peers, we pledge to lead by exemplary boldness of character and to uphold the honor of Ut Prosim in all we do and present this constitution and bylaws as the principal governing documents Virginia Tech Undergraduate Student Senate.

Land Acknowledgement and Labor Recognition

Land Acknowledgement

Virginia Tech acknowledges that we live and work on the Tutelo/Monacan Peoples' homeland, and we recognize their continued relationships with their lands and waterways. We further acknowledge that legislation and practices like the Morrill Land-Grant College Act (1862) enabled the Commonwealth of Virginia to finance and found Virginia Tech through the forced removal of Native Nations from their lands, both locally and in Western states and territories.

Labor Recognition

Virginia Tech acknowledges that its Blacksburg campus sits partly on land that was previously the site of the Smithfield and Solitude Plantations, owned by members of the Preston family. Between the 1770s and the 1860s, the Prestons and other local white families that owned parcels of what became Virginia Tech also enslaved hundreds of people. Enslaved Black people generated resources that financed Virginia Tech's predecessor institution, the Preston and Olin Institute, and they also worked on the construction of its building.

Article I: Name

The name of the senate is the Undergraduate Student Senate of Virginia Polytechnic Institute and State University, hereafter referred to as the Undergraduate Student Senate, the USS, or the USS of Virginia Tech.

Article II: Purpose

The purpose of the Undergraduate Student Senate is to improve the undergraduate student experience by consistently demonstrating Ut Prosim and servant leadership in all endeavors; to represent and promote the values of Virginia Tech in formulating and implementing university policy; and to assist Virginia Tech in its efforts to:

 - a. May participate in discussions if and when recognized by the chair but cannot vote or make motions for consideration,
 - b. Will treat participants in shared governance with respect and in accordance with the expectations for decorum outlined in Robert's Rules of Order.
 - c. May be removed from a meeting by the request of any member and a majority vote of the members in attendance.
 - d. May not displace a regular member of the body when seating/space is limited.
- B. Members of the public must be approved to attend USS meetings in advance by the Senior Advisor. At least one advisor must be present at all USS meetings.
- C. The President shall serve as the presiding officer of Senate meetings and will be responsible for all meeting operations, such as agendas, time limits, discussion procedures, and parliamentary procedures.
- D. Quorum for these meetings shall be defined as the presence of a majority (over $\frac{1}{2}$) of all voting members and at least one advisor. Quorum must be obtained for any

voting to take place; if a quorum is not obtained, the meeting may only occur for the purposes of reports, planning, and other similar objectives.

- E. In order to maintain proper communication and decorum during meetings, the meetings will be governed and operated according to Robert's Rules of Order.
- F. No USS meetings shall be longer than ninety (90) minutes unless an extension is approved by a two-thirds (2/3) majority of the voting members present. Meetings can be extended by a maximum of 30 minutes. With the additional time, no meetings can exceed a total of one-hundred and twenty (120) minutes.
- G. In the event that a Senator wishes to overturn the decision of the President on a matter of parliamentary procedure, they make a motion to do so by saying, "Motion to overturn the decision of the chair." After the motion is seconded, the USS will be in recess for a maximum of five (5) minutes while the body discusses the presidential decision in question among members. The President then calls for a vote. If a majority of the body votes in the affirmative to overturn the decision of the President, the decision is reversed and the meeting proceeds. If the decision is not overturned, the meeting proceeds without further discussion and consideration of the motion.

Section 2: Non-Voting Student Member Rights during USS Meetings

- C. Student members who choose to participate and speak up will maintain a sense of decorum and respect during debate and discussion consistent with Robert's Rules of Order.
 - a. Participation by current student members will be governed by the presiding officer of USS. Student members are not expected to be familiar with parliamentary procedure. However, they are expected to defer judgment to

the presiding officer in matters of procedure and respect the decision of the presiding officer at all times.

- D. Student members do not have the right to vote on legislation and matters of parliamentary procedure during the meetings of USS but are entitled to the speaking rights as outlined previously.
- E. Student members may not be given the floor if the presiding officer feels that excessive discussion will hamper the fulfillment of the meeting's agenda. However, if there is additional time left at the end of the session, any member will be allowed to share their perspectives on an issue that has already been discussed that day, in the Public Forum.
- F. If a student member is found to be deliberately disruptive to the Senate proceedings, the presiding officer shall initially issue a warning to the individual. If such behavior is repeated, the presiding officer, with the advice of the Cabinet, will ask the individual to vacate the meeting.

Senate and Commission charges identify the areas of legislative authority and responsibility for the relevant body. Per Article III, Section 3 of the University Council Bylaws, determination of the authority of a Commission to advance a resolution rests with the University Council Cabinet and the University Council.

Staff Senate

March 14, 2025

To: Vice President of Policy and Governance

The Staff Senate Committee on Policy and Issues has reviewed and approves CUSA Resolution 2024-25B. We have divided our feedback by articles.

Article IV.

A. defines the advising team as “professional staff”. We are curious about the use of the word “professional” in this statement. Why not just “staff”? Who are the “professional staff”?

B. defines the colleges and says that there are nine academic colleges. However, the definition continues to list 10 entities. A list of the colleges can be found here: <https://www.vt.edu/academics/depts-colleges.html> and “InterCollege” is not listed. If this term is meant to encompass the Honors College and Corps of Cadets, it would be clearer to list them explicitly. If this term is defined as those students enrolled in university studies, this is a small program with only about 100 incoming students and InterCollege is not a widely known or used term for these students. Additionally, university studies not a degree granting program.

K. should probably read, “The University Governance structure includes...”

Article VI.

F. is titled “Seventeen UCSO Senators” but 18 organizations are listed.

Make sure the lettering in I. continues correctly after the deletions.

Article VII.

Section 1. A. states that the meetings will be “open to current students, faculty, staff, and administrators of Virginia Tech as guests...” However, Article IV. D. defines guests as “any Virginia Tech faculty member, employee, or graduate and professional student.” Perhaps the language in Article VII. could be clearer because it seems to contradict the previously established definition of “guests”.

All sections following the deleted Section 4 of Article VII. will need to be re-numbered.

Article VII. Section 5. A. g. – It may be clearer to use months to define the period of time a term covers instead of saying “the period of time between academic years”. The current language could be interpreted to mean only the period of time after spring graduation in May and before the fall semester starts in August.

On the Virginia Tech website, “Living-Learning Programs” is hyphenated. We would suggest following this convention in the revisions to the Constitution.

We have no further comment.

Thank you,
Amber Robinson, Chair Staff Senate Policies and Issues Committee
