Comment on CUSA 2024-25A:

The Graduate and Professional Student Senate has only the following comment on CUSA 2024-25A:

The changes recommended to the roster might potentially change the degree of representation of various sections of the undergraduate population. As such, we recommend that the Undergraduate Student Senate make sure that every section of the student population is represented adequately and equitably.

We have no further comments.

Comment on Resolution CUSA 2024-2025A

The Faculty Senate has reviewed Resolution CUSA 2024-25A and offers the following comments and suggestions.

While the resolution clearly falls within the purview of the Commission on Undergraduate Student Affairs, and the Faculty Senate supports the intent of the resolution, we do not believe the resolution is consistent with the process required to propose such an amendment. The Undergraduate Student Senate does not have the authority to pass a resolution to amend the University Council Bylaws; instead, the resolution should be withdrawn and re-filed as UC 2024-25B. The resolution may originate from CUSA, and the Chair of the Commission has the ability to offer this resolution given their role as an *ex officio* member of the University Council. The University Council may subsequently consider the resolution as prescribed in Article XIII of the University Council Constitution.

The Faculty Senate fully supports the proposed changes to the bylaws, but we believe a different procedure is required to adopt these changes.

February 13, 2025**To:** Vice President of Policy and Governance**From:** A/P Faculty Senate Policies and Issues Committee

The A/P Faculty Senate Policies and Issues Committee has reviewed and approves/endorsees the Commission on Undergraduate Student Affairs Resolution 2024-25A to Revise the University Council Bylaws and the USS Constitution to Amend the Membership on the Commission on Undergraduate Student Affairs.

The following comments were made:

- Discussions in the CUSA meeting on 1/29/25 indicated that we would keep the membership at 12, not 16.
- I think this makes a very large committee, but otherwise I don't see any issues.
- The language of this resolution could be clarified. There are too many acronyms and overly similar references to the types of student senators that it is hard to understand what exactly is being resolved and finalized by the current document. Suggestion would be to list these out in bullets under each 'whereas' statement rather than within the prose.
- I think this makes a very large committee, but otherwise I don't see any issues.
