Called to Order: by Stacy Vogt Yuan at 2:30pm

1. Future of Pathways Ad Hoc Committee UPDATED

Updated plan: Dissolve the Pathways Ad Hoc Committee after this year, and Pathways proposals would go through UCC only. The UCC would have three additional members (one from University Studies, One from University Libraries, and one from the UCCGE) to match the current membership of the Pathways Ad Hoc Committee

Rationale for change:

- Potential problem with staffing the Ad Hoc Committee for another year
- Would increase the workload of the UCC, but can deal with these concerns through training, chair leadership, and the division of workload among members
- The Part I Learning Objectives are integral to the Part II Pathways section so a parallel process would cause delays in the approval process.
- The previous review process going through the UCC first followed by the UCCGE added an additional month or more to the review process.

Concerns from the committee:

- How presented to CUSP? Lizette appears to be listed to represent UCCGE.
- Will the UCC have enough of an overarching general education vision, especially in regards to the Integrative and Equity and Identity outcomes?
- What is the role of the UCCGE going forward? Will it still review proposals? Possibly for those with less than 20% change, but if so, what is considered less than 20%? Written guidelines for less than 20% would be helpful.
- The checksheets and whether all committees including the UCC will be able to handle the additional workload, since almost all are over 20% change.

2. 2019-20 Membership Update

- Who is staying versus rolling off and when?
- List was sent around to verify name and year

3. Pathways Assessment Fall 2019 Event Discussion

- Fall break was considered as a potential date
- Concerns that some may travel on Fall break, but could schedule earlier in the day for those who plan to travel
- Week before classes start was also considered with concerns about departmental retreats

Additional suggestions:

- Give NLI credit for incentives

- Break down into groups by Pathways concepts
- Prioritize looking at the results and consider the SLOs, rubrics, etc.
- Provide an alternative feedback mechanism for those who cannot attend

4. MGT 2984 Review for Pathways Approval

- Shelley Martin reviewed
- Does not appear to match Pathways concept 7 based upon the proposal
- Stacy Vogt Yuan mentioned that the attached syllabus indicates additional content so it might be useful to contact the author of this proposal
- Not approved as is; put on hold pending additional clarification from proposal author

5. Subcommittee Reports:

- Assessment Subcommittee
 - Receive a handful of additional reports since the last meeting and data is being aggregated by SLO
- Program Inventory Subcommittee
 - No news to report
- Marketing/Communication Subcommittee
 - No news to report

6. Other Business

No new business

Meeting was adjourned at 4:30
